### Important Skipper Information

- Please bring mooring line, anchors, and floats. Crews will be taxied to their boats as required. Lunch time docking will be on the club docks.
- All visiting boats must be spray washed and bilges cleaned before launch. Please don't overlook anchors, lines, etc. Spray wash equipment will be set up at the club storage compound just west of the clubhouse. Unfortunately our lakes now have zebra mussels, but no milfoil, and we must ensure that we keep them that way. Thanks in advance for your co-operation. Launch will take place at the clubhouse launch.
- Please bring your own water bottles. There will be a refilling station at the clubhouse.
- The US Yngling Association Annual Meeting will be held during the Regatta at the discretion of our President, timing dictated by weather conditions.
